President's Message

Hello Everyone, and very happy holidays to you all! Whatever you celebrate, I hope it's a good one! I know we are all busy busy busy this month, but try to take a little time for yourselves and come to the meeting. We'll get the business out of the way, have a great time listening to our guest speaker, then we can pig out at our amazing potluck. It's a great time to chat with friends, and get to know people in our group. Let's keep our fingers crossed for clear roads! I'm looking forward to seeing all of you this month, and planning a special dish to bring. See you then!

Jeane

Program Committee

December Program

Please come join us in the Holiday Potluck and hear Natalie Boyett from the Chicago Weaving School speak on "Weaver's Mindset".

The Chicago Weaving School is Natalie Boyett is the founder of The Chicago Weaving School.

To learn more about the school click on this link:

<https://www.chicagoweavingschool.com/>

The January program and workshop will be with Kate Larson.

Her website is <https://katelarsontextiles.com>

The workshop will be January 12 & 13 Cost is \$100

Description of the workshop is as follows:

Creative Focus: Building a spinner's idea notebook

Spinning is a creative act. In our craft, we push the boundaries of our creativity within the framework of technical know-how. Whether we are spinning yarns that are traditional or innovative, turning an idea into a reality depends on our ability to match a set of learned skills with an aesthetic vision. Kate will share with you how she uses a spinner's creativity notebook to capture fleeting color combinations and pattern ideas, while keeping no-fuss, yet accurate samples while creating a textile. You will leave with a spinner's notebook, several of your own color-texture studies, and a new way to capture your creativity.

Here is the list we have for participants of the Spinning Workshop:

Jeane Kolberg	Donna Keeble	Chris Hadaway
Chris Moghill	Barb Menn	Leah DeINagro
Lauren Bilek	Terry Guenther	Melvenea Hodge
Sharon Eichler	Ginni Thomas	Michelle King

Sign Up: Email Jacque Gaddy at jacquelinegaddy@gmail.com if you would also like to sign up.

Pay: Participants please make your checks out to Duneland Weaver's Guild and either bring to December meeting or mail to

Sue Degnan at 519 Iroquois St., Shererville, IN 46375

Other Announcements...

December Potluck

Feel like you never have enough time to chat with everyone at our monthly meetings? I have the perfect solution. A potluck!!! After the meeting is over, we'll all sit down and share our favorite dishes with each other while chatting and getting to know each other better. Bring a dish of something yummy to share (don't forget your serving utensil). The hospitality cupboard as all the plates, bowls, napkins, and silverware we need so no need bring those.

What happens when you mix math, coral and crochet? It's mind-blowing!
How two Australian sisters channeled their love of STEM and coral reefs into the most glorious participatory art project.

Check out the link:

*** Don't forget that the fashion show and exhibit is coming ***
Weave, spin, knit, sew!!!

President's Challenge

According to the dictionary, to cover is to place something upon, over, or in front of so as to protect, shut in, or conceal, to hide or screen from view, often used with "up"

So this years challenge is to create a Textile Cover Up.

For example: tablecloths, curtains, bread cloths, pillowcases, shawls, slippers, inkle bands to cover raw edges, hangings/tapestries used to cover or protect a wall, or even a show towel (an old Scandinavian tradition of covering the dish towels in use with a decorative towel that isn't used.

Whatever you can think of that can be woven, knitted, crocheted into a cover. Spinners can use handspun for this.

If you signed up for the Weavers/Spinners Poker Challenge, don't forget to start planning! (February comes faster than you think!)

Please add these new members to your 2018-2019 Guild Book
