President's Letter

Happy Fall! Today is National Scarf Day. For those of you who weave and knit/crochet, answer me this, is it faster to weave a scarf of knit/crochet a scarf? When the boys were playing fall soccer, there was a mom who started knitting a blanket. She knitted during practices and games. By the end of the season, it was big enough to keep her warm. I always wanted to be that mom but my loom won't fit in my lap.

I am very excited to learn how to paint a warp during the October workshop with Amanda Baxter. Amanda will be presenting a program at the meeting. I have met her before and am looking forward to seeing her again.

See everyone on October 11, 2025.

Monthly Weaving Tip

From the book "Weaver's Wisdom:
250 Aids to Happier Weaving"

It's a good idea to look at what you're
weaving from a distance, or to use a
reducing glass.

First Annual DWG Yard Sale Results

I personally want to thank everyone who participated in the first annual Duneland Weaver's Guild Yard Sale. Job well done!!! We made \$243.00. But more importantly, we had great conversations with other Fiber Artist and we were able to donate items to an elementary school in Gary. We kept a box and a half of fiber related items for the December auction and all the other left-over items have found a good home.
